MEMORANDUM FOR THE RECORD

SUBJECT: Request from State to Furnish Senate Commerce Committee  
Classified CIA Documents

25X1

1. The attached request was forwarded by [redacted]  
DD/OER, for our comment.

2. I suggested that [redacted] call Wilgis, the State officer,  
and inform him that we do not provide Senate committees with copies  
of our reports and cannot meet their request. [redacted] agreed, but  
to assist Wilgis, he said he would offer to prepare [redacted]  
briefing papers for State to brief the Committee. The matters are no  
higher than Confidential. I could see no problems.

3. It appears that we can stay completely out of this one but if  
State presses us to brief the Committee (prior to their departure on  
14 April), [redacted] will let us know.
